

GLOBAL OUTREACH: Catholic Student Exchange Program

Global Outreach, with a foundation of Catholic spirituality and servant leadership, strives to engage students, schools, host families and supporters while expanding reach and providing contemporary, relevant, cross-cultural opportunities -- all contributing to a **civilization of love**.

Global Outreach is not just a program -- it's a family. As a small program, we can provide personal attention to both students and host families. Our commitment to excellence is reflected in our regular communication, arrival orientation, mid-year gathering, and final debrief for students. We are a private non-profit, tax-exempt corporation, relying on the support of generous donors, fundraising events, student fees, and grants.

About Students

GLOBAL OUTREACH TESTIMONIALS

Student

I am so happy I had the opportunity to be part of it. It gave me the biggest opportunity I had in my life and I am sure that I will profit from it my whole life.

U.S. Host Parent

We experienced our culture through the eyes of another. Seeing our country's political climate, our world's challenges, our spiritual life, etc., through the eyes of a young adult from another part of the world was incredibly valuable.

U.S. School Leader

The presence of Global Outreach students in our school raises our consciousness of the global world we live in. As they share their faith life and their unique personalities with American students, everyone is enriched beyond what a book or the media could tell us.

European Parent

Thank you for what you have done for our son. In the United States he became more self reliant and mature and developed a broader worldview. In America he had rich spiritual experiences and came back home with stronger faith.
